## About the Council

The Prince Edward Island Council of the Arts (PEICA) was established in 1974 to serve the Island's vibrant arts community. The PEICA, a non-profit charitable organization, aims to promote culture and the arts across the province. "To make the Arts integral to the lives of all Prince Edward Islanders," is the prime objective of the PEICA. The PEICA encourages education in and through the arts and supports a variety of programs which assist and raise the profile of the arts and artists within this province.

The PEICA works hard to represent Island artists at all levels of government, advocating for the interests of the arts community. We also provide important grants to artists through a bi-annual process of peer adjudication; these grants are vital to the ongoing support for creation of new music, dance, visual arts, craft, theatre, writing, film and video and more.

Your membership is important, as the collective voices of our membership help lend importance and credibility to the messages we carry on your behalf to City Councils, the Provincial Legislature as well as national level meetings with Federal arts funders. Additionally, only members are eligible to receive nominations to our Board of Directors and vote on issues at our AGM, and members receive the Members-Only Edition of the Island Arts Newsletter filled with opportunities and events occurring on Prince Edward Island.

The P.E.I. Council of the Arts is funded by the provincial Department of Culture, Heritage & Recreation Division, but operates at arms length from the Government. Active Council members vote for a board representative in their discipline. In turn, the Board of Directors makes all policy and planning decisions after close consideration of the needs of the artist and the community as a whole. All Council members may participate in general meetings and are encouraged to keep informed and involved.

## Selecting the right Membership:

You can apply as an *individual*, a *family* or an *organization*. Only one membership type can be selected per form.

### Example:

John Smith from the ABC Cultural Group would like to become a member.

### *Individual*

If John wants to apply as an individual, he need only select the one or two year fee type for an individual (\$5 or \$10).

### *Family*

If John applies as a family, he will use "Smith" as the family name if he is the first member. and pay the \$5 or \$10 fee. Any subsequent members of his family (max. 6) would then become members under the "Smith" *family* name and be eligible for the reduced rate (\$2 each). If his spouse, Jane Jones is going to become a member on this family membership, she applies under the "Smith" family name, and uses her name .

### *Organization*

If John's organization applies, he will use ABC Cultural Group as the name, indicating how many people are in his organization. John would select the "Organization Fee" of \$5 or \$10. Once the ABC Cultural Group is a member, John and any other member of ABC Cultural Group are then eligible to apply as an full-voting member at the reduced rate (\$2).

All members of an Organization that is a member are deemed associate members. While this is a non-voting membership, certain other benefits do apply. Contact us for details.

*Remember: a separate form must be completed by each member. If you do not know if your organization is already a member, contact the PEICA office.*
